[I have 24 coin trays of block tin, which my father had made to order so as to place in safe.]

New York City
March 21st 1892.

To
Messrs S. H. and H. Chapman,
Gentlemen,

I had forgotten to mention in my letter that I have twenty four (24) coin trays of black tin, which my Father had made to order so as to place in safe: three (3) are 4×9 in. and the remainder 3½×11 in. Please write me what they are worth, or will send them with the medals and leave all to your judgment, trusting you will do what is right. I suppose the

best way to send is by express.

Some frames are low for the George Lachman Taylor medals as they sold for $1.00 each at the sale: I have been offered more but refuse to sell for personal reasons. Trusting you will respect what is fair &c —

I remain

Yours respectfully
M. Ida Hart.
